

General data	
PPP number	TKI AF-14502
Title	What moves wasting muscle
Roadmap	Voeding en gezondheid
Project leader research (name + email address)	Lisette de Groot (lisette.degroot@wur.nl)
Coordinator (on behalf of private parties)	Michiel Sytsma (TiFN)
Contact person of government	
Starting date	1-1-2014
Final date	31-12-2017
Brief description content (max. 4 lines)	<p>Substantiation of the relationship between low muscle mass and chemotherapy-induced toxicities</p> <p>A metabolic profile of mouse models related to changes in physical outcome parameters of muscle wasting</p> <p>A metabolic comparison between human and mouse</p> <p>Identification which pathways are conserved between mouse and human and could be targets for future interventions</p>

Approval coordinator/consortium	
The annual report has to be discussed with the coordinator/ consortium. The TKIs like to be informed regarding potential comments on the annual report.	
The annual report is by the coordinator on behalf of the consortium	<input type="checkbox"/> approved <input type="checkbox"/> not approved
Potential comments regarding the annual report	

Planning and progress (in case of any amendments to the project plan, please explain)	
Is PPP running according to planning?	Yes, to be on the safe side measures are taken to guarantee continuity of the clinical study after the PhD promotion.
Any changes in the consortium/ the project partners?	No
Any delay and/or postponed delivery date?	No
Any bottlenecks have emerged? Give a brief description	No
Are there deviations from the applied budget?	No
Do you expect a patent application from this PPP?	No

Highlights: give a brief description of the major results
<p>Work package 1: paper is accepted in Journal of Cachexia Sarcopenia and Muscle Clinical reports.</p> <p>Work package 2: paper is being written.</p>

Work package 3: inclusion Comunex in progress.
Translational study on gene-expression mouse/human based on (partly) public big data in progress.

Number of delivered products in 2017 (give titles and/or description of products, or a link to the products on public websites)

Scientific articles	Reports	Articles professional journals	Lectures/workshops
Not applicable	Not applicable	Not applicable	Not applicable

Annex: Titles of deliverables or a link to products on a public website
